# See what our Customer SAYS ABOUT US

We've recently taken their service to pack and move our 2 BHK household items. The service is professional and timely. The staff is pretty quick at their work and did a well coordinated job for us. The items were all in their original condition. They do have some scope of improvement in different departments to prosper more. I recommend them for inter City cargos. Kudos to Mr. Narendra and team.

I had a great experience with creative packers and movers bangalore. I needed my belongings to be packed and moved to my new home. This company was very clear about what they do which made me feel confident before the move began. When I reached home everything that was promised on time was there and in perfect condition.

I have recently used Creative Packers and Movers for moving from Bangalore to Jhansi and service is really good. Narendra ji truly understands what customer wants and he is too humble to take care of everything and smooth transition and available anytime.....

**-SHANTANU GUPTA**

Creative Packers was a very professional team. The boys came on time and finished the packing and moving of a 3 bhk home exactly within 5 hours that too in another part of the city. Just remember the charges on Sunday are less than that of Saturday. Narendra runs a very professional outfit. I not only used them for my home but also for my sister's home as well.
